Made in Germany

One of a kind

"I'm a unique individual, with a unique personality. A leader, not a follower. My home reflects this. I insist on surrounding myself with fabrics and furnishings that reflect my personal taste and my attitude to life.

Flooring is crucial. It sets the tone as soon as you enter a room. I chose Krono Original® flooring. It has style, it was easy to lay and it's perfectly simple to care for. It ticks all my boxes."

Krono Original®. Floors that live up to your lifestyle.

**Decor featured:
8717 Ethnic Oak**

A pair of purple high-heeled shoes with a black strap across the foot, resting on a light-colored wooden floor with a vertical grain pattern. The shoes are positioned in the upper left corner of the page.

Cosmopolitan

"I want to bring the enchantment of untouched landscapes and secret cultures inside my own four walls. Krono Original® indulge my exotic tastes with an ever-expanding choice of floorings, from Colonial African style to Zen style through to Country or Oriental style."

Laminate floorings from Krono Original® have many faces: You can put together various styles using different colours and decors completely to your taste.

Welcome to our world

From Kronoflooring comes a world of inspiring ideas. As one of the world market leaders, we constantly develop new floors and new ranges. From beautifully reproduced wood grains to stunning imitations of stone surfaces, from a Sound Absorption System (S.A.S.) that reduces reflected sound by 50% to a new panel concept that creates a seamless look with ‘invisible’ joints, which we call "endless beauty".

Krono Original® Features Guide

From highly acclaimed Anti-Static and Sound Absorption materials to clever click-into-place fitting, Krono Original® boasts the very latest in innovative features and top quality specifications.

That's why it's the favourite laminate flooring

Decor featured:
8835 Midnight Oak

We all know that you can never judge by appearances alone. So you'll appreciate the inner qualities of our flooring. Aquastop moisture protection, integrated Anti-Static equipment, and S.A.S. Sound Absorption are just some of the inherent strengths of Krono Original®.

Guarantee

All Krono Original® laminate floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we give you an extensive guarantee with every product. You can rest assured that, whatever range you choose, it's going to be easy to maintain and will give you enjoyment for many years to come.

Stain and imprint resistant

Whatever you might spill, be it red wine, oil or jam, don't panic; it can be easily removed. Krono Original® is also abrasion resilient, robust and proven to be one of the most resistant floorings available, even heavy furniture won't leave an imprint. Use felt pads, ensure swivel chairs are fitted with soft castors.

Twin Clic

The Krono Original® Twin Clic system has been specifically designed to make fitting your laminate flooring as easy and hassle free as possible. The Clic profile and groove profile allows individual panels to be joined together quickly with minimal tools or complications.

1clic2go

Even in hard to reach places like corners, doors and under radiators, the ingenious "1clic2go" system makes installing Krono Original® floors simpler and faster than ever. The tongue & groove joint along the length of the panel is placed in position from above and fixed flush with the adjoining panel. The panels are then securely interlocked as the patented "1clic2go" beading latches into position with an audible click. Quick. Easy. Secure.

Multi Patent Indemnity

Enjoy 100% security with multiple patent protection for all our products! In addition to the Kronoflooring patents, this Multi Patent Indemnity certificate provides extensive protective rights for VÄLINGE INNOVATION AB international and a choice of UNILIN patents worldwide. This involves assured, unrestricted product use of the glue-free click system for the trade.

Endless Beauty

Continuity of decor and structure from panel to panel. Endless Beauty is a new panel concept that creates a seamless look due to invisible joints at the short panel sides and a sized room appearance thanks to long sided V-joints.

Diamond Gloss

The high-quality structure with the exclusive Diamond Gloss effect is characterised by a brushed, matt surface with glistening synchronised wood pores, which reflect the light differently as you move around the floor. The gloss effect emphasises the depth of the structure and illustrates the character of natural wood perfectly. Experience a floor, which can be hardly be differentiated from genuine timber floor boards.

Guaranteed Anti-Static

We've all experienced static at some stage and it's pretty unpleasant. No doubt a 'shock' has caused you some discomfort when touching a door handle or using an electrical appliance in your home, so you'll be pleased to hear that help is at hand. Krono Original® Anti-Static flooring incorporates an innovative layer directly below the decor, which provides complete protection against unpleasant shocks. The Anti-Static is built-in and guaranteed for the life of the floor. In addition, these floors do not attract dust and dirt in the conventional way and are therefore incredibly easy to keep clean. See individual ranges for Anti-Static feature. Guaranteed lifetime integrated Anti-Static effect – well above the normally accepted standard for Anti-Static flooring (DIN EN 1815; DIN IEC 1340-4-1) classified in ASF2 class 2.

S.A.S. Sound Absorption

Our unique S.A.S.system is an extremely thin coating made of High-tech materials. S.A.S. reduces sound, reverberation and vibration reflected into the room by an incredible 50%. S.A.S. was recently put to the test against 10 other laminated floorings and topped the poll for sound absorption, highest impact stability and best heat conductivity.

Smooth Finish

Super Matt

Structure & textures

A Kronofloor is a joy to live with. Our stylish portfolio of surface textures is created for long-lasting comfort, and includes our range of Anti-Static flooring which eliminates any risk of static shock. Above all, Krono floors are beautifully simple to keep clean, just a quick wipe whisks away allergy-causing dirt and dust.

Anti-Static flooring

"Static electricity can give you a very unpleasant shock. You certainly don't want it in your home, especially if you have children.

That's why I fitted Krono Original® Anti-Static flooring. It's got this clever Anti-Static layer built directly into the flooring. So I won't have to worry about shocks or sparks."

Sound sense

"Nothing comes between me and my favourite sounds. I chose Krono Original® flooring with their brilliant Sound Absorption System. It reduces reflected sound by an amazing 50%, so I hear only what I want to hear and tune out the rest."

Endless Beauty

When things in life are great you don't want them to end. That's the inspiration behind Krono Original® Endless Beauty, a unique concept created by seamless joints at the end of each panel where both the grain and the decor match perfectly to give the impression of never ending planks. Whatever your taste and style, we are sure you will find a decor in the range that will add endless pleasure to your interior design. Life's great when you choose Endless Beauty.

No problem

Krono Original® simply shrugs off the scuffs and spills of modern family life. The authentic look of real wood with the wipe clean convenience of a laminate. No wonder it's everyone's favourite.

Decor featured:
1688 Flaming Beech

Kronofix Silent

AC3, Class 31, 7.3 mm

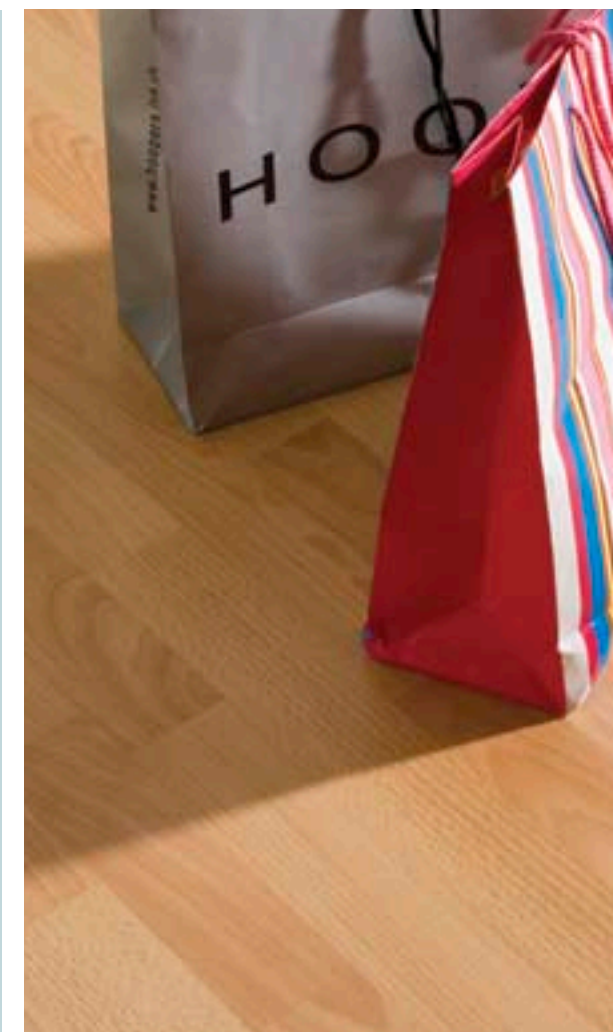

Favourite for families.

If you find wood a really attractive option but are put off by the high level of maintenance then Kronofix Silent is right for you. The German consumer watchdog "Stiftung Warentest" rates the room sound performance as "very good". The integrated reflected sound reduction is extremely pleasant to walk on.

Key Features:

- 12 year guarantee
- Suitable for heavy domestic use and light commercial use
- 50% reflected sound reduction thanks to integrated S.A.S. system
- Twin Clic Classic locking system - Clickable short and long edges
- Easy to install - simply click panels together, no glue required
- To use with the new Flatlink and design tongue profiles
- Size 1285 x 192 x 7.3 mm

Decor featured:
9701 White Birch

Kronofix Silent

Low maintenance (That's my floor; not me.)

"Housework... who needs it? I like things that make my life easy. That's why I chose Krono Original® flooring. The panels simply click together, so even a guy can fit them. And a quick wipe over keeps them clean and looking new. Good looks needn't be hard work."

Decor featured:
8712 Flamed Ash

Friend of the earth

"I won't compromise my principles. When I buy something, I want to be sure it comes from sustainable sources. So I checked out Krono Original® floorings and found out they use timber from responsibly managed forests.

I trust them because, as part of Europe's leading wood-panel manufacturing group, they have a sustainability policy which commits them to reducing their impact on the environment.

Which means I can update my home with renewable materials."

Accessories for that perfect finish

Skirting boards and corners

Choose from a range of skirtings in various decors to suit all Krono Original® floors. Our easy fixing systems make it quick and simple to achieve a perfect installation.

K40 Clip-Strip
2600 x 40 x 22 mm

K58C Clip-Strip
2600 x 58 x 18 mm

K70 Clip-Strip
2600 x 70 x 21 mm

KL25 Strip (self adhesive)
2400 x 4 x 25 mm

K14 Strip
2600 x 12 x 12 mm

Corner pieces

Available for skirting systems K40 and K58C.

Outside corners
Inside corners
End piece

Mounting Parts

Suitable for skirting K40/K58/K70.

15 metre skirting boards can be easily and professionally fitted with the contents of one packet; the set is supplied complete with screws and wall plugs.

Floor profiles

Krono Original® floor profiles enable you to create smooth crossovers between different rooms or floorings. End profiles also ensure perfect edge finishes.

Aluminium-profile

Movement Profiles: For level floorings. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

900 mm or 2700 mm

Aluminium-profile

Edge Beading: For clean finishes and joints at walls and other boundaries. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

900 mm or 2700 mm

Aluminium-profile

Levelling Profiles: For different level floorings. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

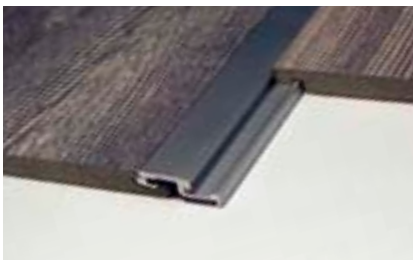

900 mm or 2700 mm

Special Krono Original® profiles

Floordreams cable link floor profile set

The aluminium cable routing system, especially designed for Floordreams floors, is directly integrated in the flooring system. Easy to lay, no screws and no drilling necessary. No misalignment or level offset.

Design tongue edging

Simple decorative element for clicking into the Krono Original® Twin Clic joint for separating different floorings or simply as a decorative element.

Flatlink

The profile, developed for the Krono Original® Twin clic joint, enables an expansion joint to be inserted in the flooring virtually flush with the floor and without annoying trip hazards caused by raised edges. Easy to lay, no screws and no drilling necessary.

Underlays

Depending on the situation in the room, attention must be paid to the correct underlay material when laying the floorings.

PUR 2.0 mat

The professional acoustic mat is made from PuR/mineral. Excellent walking (airborne) and impact sound values. High pressure stability and low thermal resistance.

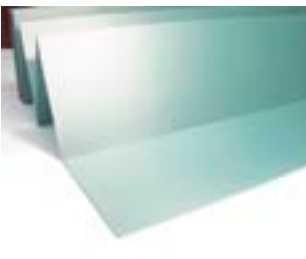

XPS 5.0 panel

5 mm thick panel made of extruded polystyrene. Very good insulation properties and high impact sound reduction. Levels out unevenness of up to 4 mm.

PE foam

This foam is available in different thicknesses and roll lengths. Good impact sound insulation.

XPS 3.0 folded board

Folded insulating underlay, 3 mm thick, made from extruded polystyrene. Collapsible cardboard packaging, easy to store and to transport.

Accessories

Further laying accessories, cleaning and reparation sets complete the whole range.

Cleaning agent

For sophisticated cleaning and care of Krono Original® laminate flooring, a very productive special agent is necessary. This should make the infiltration of water in the open joints more difficult and leave behind no film – unlike parquet cleaning agents – which virtually attract dirt.

Radiator collars

These clever collars provide an elegant solution to concealing the movement joint space of radiator piping. As well as two roses, the pack contains matching adapters for 15, 18 and 22 mm pipe diameters.

Spacers

ensures the required expansion gap is consistent during installation.

The whole range of accessories will be found in our accessories brochure.

Sound Absorption System

Reduces reflected sound by 50%.

S.A.S. reduces reflected sound by a remarkable 50%. S.A.S. is extremely easy to lay and effortlessly smoothes over bumps up to 3 mm. And since it requires no additional insulation materials, it is ideal for use with all types of water-based underfloor heating systems.

S.A.S. Key features

- Known as “the silent floor”
- 50% reduction in room sound thanks to a 0.3 mm thermoplastic coating
- German consumer watchdog “Stiftung Warentest” rates the room sound performance as “very good”
- No further insulation material required
- High heat conductivity
- Ideal for warm-water underfloor heating systems
- Ensuring more pressure stability thus protecting the profiles

Krono Original® Virtual Room Designing

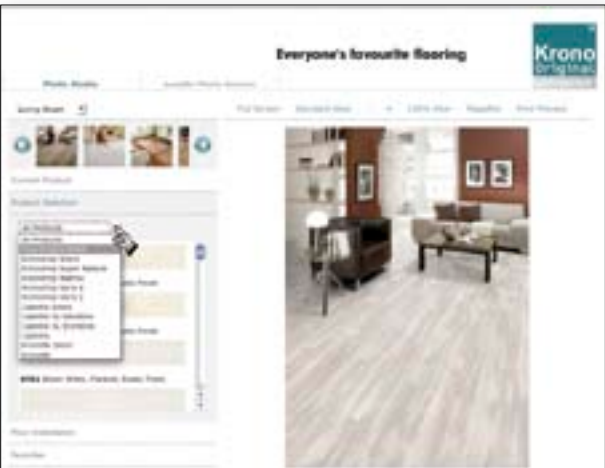

Virtual room set-up at www.krono-original.com

Take the guesswork out of planning the room of your dreams. Simply visit the virtual room planner at www.krono-original.com and watch your ideas take shape. Go ahead, be as bold and creative as you like.

To select your room from the various options, including living rooms, kitchens and offices, just click on the top left-hand corner.

Then choose a decor from the product selection on the bottom left, either select the actual decor you want, or look under all products where decors are sorted by colour.

Click on your desired decor and it will be laid in your chosen room. More information on the product you have selected is available under current product. You can also change the direction your floor is laid by looking under floor installation.
